This is the first office action for application number 10/768,536, Document Holder, filed on February 2, 2004.

***Examiner's Amendment***

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

On page 7, line 6, "of secures" has been deleted and on page 11, line 22, "118" has been deleted and --118A-- has been inserted in place thereof.

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: the primary reasons for the allowance of the claims in this application are the limitations of a document holder having a planar base plate, three post extending rigidly up from the base plate so that the post are essentially normal to the horizontal surface, two of the post are spaced apart to defined ends of a base of an equilateral triangle in a top view with the third of the post spaced apart from the others to form a top vertex of the equilateral triangle, whereby a paper retaining slot is formed between the base ends post and the top vertex post, and the weight of the upper weighted zone is above about half of the weight of the total weight of the holder, included in independent claims 1 and 12, in combination with the other elements cited in the claims respectively, and which is not found in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
